ABSTARCT (Cambria, 11 point, Bold, Upper case)

Zinc is an essential trace element succeeding iron in the human system. The presence of zinc in insulin molecule indicates a causal link between zinc and diabetes. Most of the zinc complexes so far investigated for their possible antidiabetic activity were poorly absorbed in their inorganic forms and required high doses which have been associated with undesirable side effects. Diosmin is a flavone glycoside found to be present in appreciable quantities in citrus fruits. In the present study, an attempt has been made to synthesize and characterize a novel zinc diosmin complex and evaluate its therapeutic efficacy in streptozotocin induced experimental diabetes in rats. Spectral studies such as IR, NMR and Mass were carried out to characterize the complex. Treatment with zinc-diosmin complex to diabetic rats at a dose of 5mg/kg/ b.w/day for a period of 30 days significantly decreased the levels of fasting blood glucose, glycosylated hemoglobin, and creatinine in diabetic treated group of animals. Determination of plasma insulin level revealed the insulin stimulatory effect of the complex. In addition, the elevated levels of the serum transaminases and alkaline phosphatases were normalized upon treatment with the complex indicating the nontoxic nature of the complex. (Cambria, 11 point)

**MOHAMED SATHAK COLLEGE OF ARTS & SCIENCE
PG & RESEARCH DEPARTMENT OF BIOCHEMISTRY
Sholinganallur, Chennai-600119, Tamil Nadu, India.**

**NATIONAL CONFERENCE ON INTERDISCIPLINARY RESEARCH AND
INNOVATIONS IN BIOSCIENCES, NATCON-2018, 24th -25thJanuary, 2018.**

REGISTRATION FORM

Participant' s Name: Mr./ Miss./Mrs./Dr.

Designation : Student/Research Scholar/Faculty/

Institution :

Phone :

Mobile :

Email :

Participation Detail (tick the relevant box)

- Participation only
- Participation+ Oral Presentation
- Participation+ Poster Presentation

Title of the Paper :

Payment Details*

Amount : Rs.

Bank Name :

Branch Name :

Date :

DD.No. / Fund transfer details :

Signature of the Principal/HOD/Guide

Signature of the Participant

DD details: In favour of "Mohamed Sathak College of Arts & Science" payable at Chennai.

Fund transfer details: Account Number: 195602000000068; Account Type: Current A/c. A/c Name: MOHD SATHAK COLLEGE OF ARTS & SCIENCE MISC FEES" ; Name of the Bank: Indian Overseas Bank; Sholinganallur Branch, Chennai-600 119. IFSc Number: IOBA0001956.

Submission: Completed registration form along with DD/payment details may be sent to: Dr. A.PURUSHOTHAMAN, Vice Principal, Head, PG & Research Department of Biochemistry, Mohamed Sathak College of Arts & Science, Chennai - 600119. For further Details Contact: 9962768562; E-Mail: purushothamanbiochem@gmail.com

***Hostel accommodation is available for outstation participants on prior request.
