7.2.1 At least two Institutional best practices (as per NAAC Format):

1. Title of the Practice:

Social interaction and flexible good attitude of students and staff

Objective of the Practice:

To help every student to be comfortable and free in the campus to be good in the subject learning, social responsibility towards society, staff, college authorities and university through staff in campus till he achieves his goal.

The Context:

The Mohamed Sathak College of Arts and Science, established in the year 1981 by the Mohamed Sathak Trust with the best objective of serving the rural youths by imparting higher education adhering not only to national but also international standards of education and fostering an enduring sense of discipline and single minded dedication to work.

The Practice:

All students are provided with good teaching by our experienced staff members through the corresponding Heads of various departments who in turn monitor the teaching quality in the department. Apart from this every department provides individual coaching to weak students in the evening after college hours. All types of counseling's are given through class councilor, Hods and Principal. Placement assistance was provided to every students through department and special training was given to them depending on updated skills in subject. Discipline committee was formed to monitor discipline of the campus.

Evidence of success: All students in different departments have adequate attendance, nil arrears and have either higher studies or employed in a good concern. Students are equipped with different skills of learning, social activities like NSS, YRC, RRC and CCC and disciplined.

2. TITLE: Awareness on "POLIO DROPS"

Objectives:

To bring awareness on Polio virus

To contact individuals in-person

The Context:

Polio drops is an essential tool available to protect children against polio. WHO recommends vaccine for the global eradication of Polio? OPV is being given as an eradication program, and as a part of this routine immunization services our students were actively involved in bringing awareness to the social community on Polio drops.

THE PRACTICE:

To facilitate the social community, Chemmenchery Govt. Hospital staffs along with NSS staff and students of Biotech department were allotted in groups to cover all over Chemmenchery panchayat, Jawahar Nagar Ezhil Nagar. The programs were conducted from 19-01-2020 to 21-01-2020.

Initially a common meeting was organized to bring awareness on Polio drops and for next 2 days the students were assigned in groups and visited ever home in each area to ensure whether the Polio drops have been given to their children. If not a "Second chance" was provided for the children to administer "Polio drops".

To recognize the services rendered by the students, certificates were provided for them through the college.

EVIDENCE OF SUCCESS:

Around 150 children's were identified without administration of "Polio drops" after which students themselves administered the "Polio drops" for children's.

PROBLEMS ENCOUNTERED:

Though students actively participated, they had some difficulties in walking for long distances and to make some community of people to understand the importance of "Polio drops"
